- Minimum locking force required
- Mounting space approx 5 ½ inches x 4 inches
- Available in steep taper, HSK, VDI, Capto and KM
- Mounts on table or tool cart

**REGO-FIX<sup>®</sup>**

Introducing the REGO-FIX WA Tool Block. The WA Tool Block is designed to make assembly and set-up as easy as a twist of the handle. The WA Tool Block comes in two versions—one rotates every 90 degrees and the other every 45 degrees. Each location has a positive stop. The toolholder head can be easily interchanged to accommodate most toolholder types.
